

MELODIC POWER METAL MADE IN VALENCIA

Under so apocalyptic name this band from Valencia (Spain) that defines its sound like melodic power metal, fresh, updated with I touch progressive and of hard rock. "Mares de Dolor" (Seas of Pain) are the result of their last months of hard work as much in home and over the scenes that by the way have shared with Barricada, Obús, Sugarless and many other.

"WITH OUR NEW SINGER NEUS FERRI WE DO A QUALITY JUMP"

The disc, with songs that speak from fantastic tales to daily things and with a very special of ecology, reflects clearly their referring (Iron Maiden, Helloween. Stratovarius, Dream Theatre, Lana Lane or even Tori Amos with the voice of Neus Ferri, recent incorporation with which admits to have given "a quality jump". Still counting on the magnificent voice of Neus, they have not had inconvenient in counting on collaborations in the vocal part of Manuel Rodriguez (Sphinx) in "No hay rival" and Dany G (Dark Sun) in "Cielo sin luz".
