Luis González TRIO is a jazz band from Sant Feliu de Guíxols (Costa Brava, Girona) with a personal style, balanced and sincere. The trio keeps the classical team, piano, bass guitar and battery.

His target is to create a band sound, a personal vision, musical and only, that of a coherent and interesting meaning to his interpretations.

The group's aesthetic has a great influence of the European jazz and a conception of the open music that potency his aspects more creative.

CANÇONS aporta una nueva visión a la música tradicional catalana

CANÇONS is **LUIS GONZÁLEZ TRIO** first release. A personal & original proposal with a good rapport of these three musicians and friends.

Within the repertoire find seven popular catalan melodies, each with a concept, different style and aesthetic, as it can be the free-jazz or the ECM.

The trio gives a new vision to songs so known as **EL CANT DELS OCELLS** or **EL ROSSINYOL**, but with a modern and updated sound.

The piece that closes the CD is **SILVIA**, an original composition for piano solo.
